

Jesus College Outreach Scheme: Aims

Jesus College is committed to academic excellence and to offering talented students, whatever their background and means, the advantages of a first rate education within a stimulating and supportive environment.

Our programme of outreach activities aims to:

- **Encourage** all school age students to consider continuing to higher education
- **Motivate** the best to apply to a top university
- **Support** students by enabling them to make competitive applications

Strategy

We offer schools in our link areas a coherent and sustained programme of activities designed to support students from Y9 through to Y13. The activities that we run are progressive and we anticipate that students would attend more than one event during their school career. The programme of activities are designed to:

- Encourage students to consider the opportunities that Higher Education can offer and link to progression to higher education with getting a 'good job.'
- Deliver activities and workshops designed to equip students with the skills, knowledge and opportunities to explore their subject beyond the classroom, thus developing the attributes that assist in making a competitive application
- Offer students the opportunity to experience student life, providing them with positive undergraduate and alumni role models

Pre- 16 - Who?

- The sessions for Pre-16s are designed for students that are performing strongly but would benefit from additional input
- We are particularly keen to work with students from backgrounds with traditionally low progression rates to higher education (e.g. first generation, students who qualify for FSM or pupil premium, BME, students in care/care leavers)

Post- 16 - Who?

- The sessions for post-16 students are designed for those that are on track to apply to Russell Group Universities or Oxbridge

Our Link Areas

- London Boroughs: Ealing, Brent and Westminster
- North East: Newcastle, Gateshead, Sunderland, North Tyneside, South Tyneside
- Peterborough: Hampton College, Ormiston Bushfield Academy, Stanground Academy

Y9

This session introduces the concept of university and encourages students to begin thinking about the link between university and progression onto ‘good jobs.’ Through various activities, students will explore some of the reasons why people may go to university and address some of the key concerns that they may have about going, e.g. finance, fitting in and moving away from home.

By the end of the session, students will understand key terms associated with university and understand how university can lead onto careers.

Activity	Workshop in school 30 Pupils 50 min to an hour	Workshop in school 30 Pupils 50 min to an hour	Workshop in school 30 Pupils 50 min to an hour
Dates	Any time of the year	North East schools tour 10 - 14 Jan 2022	London schools tour 28 March - 1 April 2022

Y10

Through visits to Jesus College students will have the opportunity to experience a taste of student life with sample taster lectures/seminars delivered by academics and fun social activities delivered by undergraduate ambassadors. Sessions on applying to university will introduce the concept of Russell Group Universities and the admissions process.

By the end of the event students will understand how university is different from school, have the confidence to apply to top universities and be aware of what they need to do in order to make a competitive application. In particular, students will have an awareness of the importance of A-level choices.

Y11

Optional session - through either a talk or a workshop students will have the opportunity to think about their A-level choices and possible Higher Education destinations.

We are aware this is a busy year for students and as such do not aim our main events and residential at Year 11 students. We are however very happy to visit this year group during schools tours in tandem with other year groups.
