1. Fellows' Panel

- (a) The Council shall at its first meeting in every academical year appoint nine Fellows, who do not hold the office of Tutor or Dean of College, to be the Panel from which Review Committees shall be constituted during that year.

- (a) The date, time and place at which a Review Committee will sit to consider a recommendation made by the Educational Board (Statute XIV.2(a)) or a meeting of the Master and Tutors (Statute XIV.2(b)(i).5) shall be determined by the Master or, in cases where Statute XIV.4 prevents the Master from taking part in the proceedings, by the President. However, the Committee shall not sit on a day earlier than, in cases where the recommendation is that a Student Member of the College be sent out of residence, the fourteenth day after written notice of the recommendation was sent to the member of the College to whom it relates by the Chairman of the meeting that made it.
- (b) The notice of the recommendation and of the meeting at which it will be considered shall inform the member of the College of his right to be present at that meeting, to be heard in his own defence, and to be represented at it by another member of the College of his choosing who agrees to do so.

- (f) As soon as practicable, after the conclusion of its proceedings, the Chairman shall send a written notice of the decision of the Review Committee to the member of the College to whom it relates, to the Dean of College, and, if the Master is not a member of the Review Committee, to the Master.
- (g) The decision of the Review Committee on any matter referred to it shall be final, but nothing in these Regulations shall preclude a Tutor for Admissions from acceding to an application for readmission to the College of any person who has been required to go out of residence on account of any failure in any examination or failure to be classed in an examination.

3. The Dean of College

- (a) Whilst all Fellows of the College have a general responsibility for maintaining good order within College, the Dean of College shall be primarily responsible

- (b) The Dean of College when investigating any such matter may seek the assistance of any other member of the College and its Assistant Staff, and may require such cooperation as is reasonable in the circumstances.
- (c) The Dean of College may, in his discretion, invite the Director of Studies of the person of whom complaint is made or one or more of the Tutorial Advisers, or in the case of a graduate student the Tutor for Graduates, to be present and to advise him during the course of any investigation or determination of a complaint made under (a) above.
- (d) After such investigation as is referred to in (a) above, and subject to Statute XIV.2, the Dean of College may impose whatever penalty or restriction he, in his discretion, considers appropriate, providing that any financial penalty (other than an order to pay the whole or part of the cost of making good any damage or compensating any loss) shall not exceed the sum of £250.
- (e) Whenever the Dean of College considers it appropriate to seek the imposition of a fine in excess of £250, or an order requiring a member of the College to go out of residence, either temporarily or permanently he shall initiate proceedings under Statute XIV.2.
- (f) The Dean of College shall keep or cause to be kept a proper record of all proceedings under this Regulation, and in cases where he has received a written complaint alleging a contravention of any Statute or Regulation of the College, he shall inform the complainant of his determination in writing.
- (g) In cases where complaint is made of the actions together of members of a College club, association, society or team, or some significant part of the

members thereof, then the Dean of College may impose such penalty or restriction as he considers appropriate on that club, association, society or team as a whole, including the withdrawal from its members of the facilities of the College, or the privilege of representing the College in any sport or other such representative activity, for such period as he considers reasonable. Where such a penalty or restriction is imposed, each and every member of that club, association, society or team shall comply with it and shall not attempt to circumvent it by seeking to reconstitute the club, association, society or team under any other name or in any other form.

5. **Review of Penalties imposed by the Dean of College**

Any resident member of the College in statu pupillari who is aggrieved by a determination or decision of the Dean of College acting under the powers given by Regulation 4 above, may request the Master to nominate two members of the Panel constituted in accordance with Regulation 1 above, to review the Dean's determination or decision on the grounds either

- (a) that it was unreasonable, or
 - (b) that, in the light of evidence or information which was unavailable to the Dean at the time of his determination or decision, or which he failed to consider, it was inappropriate,

- (k) The Dean of College and the member of College to whom the recommendation relates shall attend before the Review Committee if the Committee so requires. F. Proceedings concerning the Academic Staff of the College

(Statute XXVIII) (Made on 18 July 2011, and modified 2 December 2013.)

1. General Principles

- a) In the interpretation of the guiding principles of Statute XXVIII.2 (Redundancy, Dismissal, Disciplinary and Grievance Procedures), academic freedom shall be understood in the sense of Sections VI and VII of the Recommendation concerning the Status of Higher-Education Teaching Personnel adopted by the General Conference of the United Nations Educational, Scientific and Cultural Organization (UNESCO), meeting in Paris from 21 October to 12 November 1997 at its 29th session.
- b) In making these Regulations regard has been had to the ACAS Code of Practice on Discipline and Grievance issued and so in April 2009, so far as is consistent with the wording of Statute XXVIII and the Regulations made thereunder, that Statute and those Regulations are to be interpreted in the spirit of that Code of Practice.
- c) A reference to a statute or statutory provision is a reference to it as it is in force for the time being, taking account of any amendment, extension or re-enactment and includes any subordinate legislation for the time being in force made under it.
- d) The Council must appoint an alternate to act in place of any person who is designated to perform any duties or exercise any powers under Statute XXVIII or under these Regulations if that person involved in the matter in question or otherwise unable to act.

2. Academic Staff

- a) This Regulation applies to members of the academic staff as defined in Statute XXVIII.
- b) For the purposes of Statute XXVIII.1(a)(ii) a person is a member of the Academic Staff if her or his primary office or employment is one of teaching or research for the College.
- c) The following offices or employments are not primarily of teaching or research for the College:
 - i. Archivist;
 - ii. Director of Chapel Music;
 - iii. Lector;
 - iv. any office or employment in which less than £8,000 per annum is received for teaching done on behalf of the College.
- d) A 'secondary office or employment', in relation to a member of the academic staff, means:
 - i. one which has not been prescribed as a primary office by Regulations;
 - ii. one which is not a primary office or employment for that member; and
 - iii. in respect of which the duties are of a limited nature only. In relation to any particular office, or employment, the Council may resolve or by Regulation

decide that the office or employment is of a limited nature based on the duties involved and the remuneration paid by the College. In addition, in relation to any particular person, the Council may resolve that the person's duties are of a limited nature where the remuneration for them would not normally be the principal source of remuneration of the person performing them

3. Senior Disputes Panel and Senior Disputes Appeal Panel constituted under Statute XXVIII

Constitution of Panels

- a) A Senior Disputes Panel consists of three persons selected by the Council from a list of not less than seven Fellows appointed annually by the Council. The Council also selects a Chairman of the Panel. In selecting members of the Panel, the Council must exclude the person charged and any person who has had any involvement with any matter that would make her or his participation as a member of the Panel unfair. In the event that additional members are required Council may appoint further members either from the list of seven Fellows appointed annually by the Council or from among the Fellows.
- b) If a matter to be considered by the Senior Disputes Panel concerns a question of health or incapacity on medical grounds, the Senior Disputes Panel is not comprised as set out above but instead comprises one person nominated by the Council; one person nominated by the person concerned or, in default of the latter nomination, by the Council; and a medically qualified Chairman jointly agreed by the Council and the person concerned or, in default of agreement, nominated by the Regius Professor of Physic in the University.
- c) Save where otherwise provided in these Regulations, if a person is aggrieved by a decision of the Senior Disputes Panel made in a matter in which that person is directly concerned, and she or he gives notice of appeal in accordance with these Regulations, such appeal must be heard by the Senior Disputes Appeal Panel. The Senior Disputes Appeal Panel comprises the person who is the Visitor. If the Visitor is unable or unwilling to act, the Council must appoint a person (nominated by the Visitor) who holds or has held judicial office or is a barrister or solicitor of at least ten years' standing. The person appointed sits alone unless she or he considers that justice and fairness will best be served by sitting with two other persons. If the appointed person does not wish to sit alone she or he nominates two other persons to be appointed by Council, at least one of whom is a member of the Regent House of the University who is not a Fellow of the College.
- d) Where a member of a Panel appointed in accordance with this Regulation is for any reason unable to participate in its work, the Council may appoint another person to be a member of the Panel, either generally or for the determination of a particular matter in accordance with paragraph (a) above.
- e) The Council must appoint a suitable person or persons to act as secretary of the Senior Disputes Panel and the Senior Disputes Appeal Panel. The secretary may not be a member of the Panel. In appointing the secretary, the Council

must exclude any person who has had any involvement with the matter that would make her or his appointment as secretary unfair.

- f) The College meets all proper costs of members of any Panel and of its secretary and legal adviser, if any.

Disqualification of Panel members

- g) A person who believes that she or he has an involvement with the matter before a Panel that would make her or his participation as a member of the Panel unfair must for that reason decline to accept appointment as a member of the Panel, or, if already appointed, must disqualify him or herself from the Panel.
- h) A member of a Panel who fails to attend the whole of any hearing (save for absences which, in the opinion of the Chairman, are immaterial) is disqualified from the Panel.
- i) If the member of the academic staff under consideration by a Panel (“the Member Concerned”) believes that a member of the Panel has an involvement with the matter before the Panel that would make her or his participation as a member of the Panel unfair, then the Member Concerned must object on that ground to the Panel Chairman without delay, and in any event not later than the start of the first hearing of the matter by the Panel. The Panel Chairman must rule on any such objection (including such an objection relating to him or herself). If the objection is upheld the member of the Panel concerned is disqualified from acting further. A ruling dismissing the objection is open to appeal to the Council or to the Master acting on behalf of the Council, whose decision is final.
- j) No objection of the sort referred to in paragraph (i) above may be entertained after the start of the first hearing of the matter by the Panel, unless the Senior Disputes Panel Chairman (or the Senior Disputes Appeal Panel Chairman if the objection is taken at the appeal stage) is satisfied that it was not reasonably practicable for the Member Concerned to have raised the matter earlier. A ruling declining to entertain a late objection is open to appeal to the Council or to the Master acting on behalf of the Council, whose decision in the matter is final.
- k) Where a member of a Panel (not being the Panel Chairman) is disqualified from acting, the Panel may, with the consent of the Member Concerned, continue to act, notwithstanding such reduction in membership. Alternatively the Panel Chairman may request Council to select a replacement member in accordance with the rules for selection, and may adjourn proceedings pending that appointment. Where the Chairman of a Panel is disqualified, a new Chairman must be selected in accordance with the rules for selection.
- l) Where a person is added to the membership of a Panel, then any hearing that has already taken place in whole or in part must be disregarded and must be held afresh.

Role and powers of the Panel

- m) The Panel Chairman must determine all preliminary and procedural matters on behalf of the Panel after such consultation with members of the Panel as the Chairman sees fit.

- n) A Panel may make its decisions (a) unanimously, or (b) if unanimity is impossible, by a majority vote of those members present and voting. In the event of a tie, the Chairman of the Panel has an additional vote.
- o) If the Panel considers it to be necessary in order to allow its procedure to be fair and orderly, it may vary time limits, allow the amendment of charges or of grounds of appeal, permit any departure from the rules or procedure set out in this Regulation, and in exceptional circumstances exclude any person, including the Member Concerned, from any hearing of the Panel.
- p) The Panel has the power to proceed with a hearing in the absence of the Member Concerned or her or his representative.
- q) In exercising any discretion the Panel must seek to give effect to the guiding principles set out in section 2(a) of Statute XXVIII. Any exercise of discretion by the Panel may be made subject to such conditions as it sees fit.
- r) The Panel Chairman may postpone, adjourn and reconvene any hearing or other meeting of a Panel. The Panel Chairman may discharge the Panel and order a rehearing of the matter before a fresh Panel, but may only do so where she or he is of the view that that step is necessary in order to ensure a just and fair process.
- s) Where it appears to the Panel Chairman, whether on receipt of an application made by a party to the proceedings or otherwise, that a material aspect of the matter before the Panel is or is likely to be the subject of criminal or civil proceedings in a court of law or the subject of disciplinary proceedings in the University, the Panel Chairman may direct such stay in the process of the Panel as she or he may consider desirable. Subject to any such stay the Panel Chairman must seek to ensure that the case before the Panel is heard and determined as expeditiously as is reasonably practicable.
- t) The Panel Chairman must arrange for a record of the proceedings of the Panel to be made, by whatever means she or he considers appropriate.
- u) The Panel Chairman must send a document recording the Panel's decision in the case (together with their findings of fact (if any) and the reasons for their decision regarding the case) to the Master, the Member Concerned, the Presenting Officer (if any) and any person who had been added as a party to the proceedings. Where a right of appeal exists, the Chairman must draw the attention of the Member Concerned to that fact and to the procedure, including any time limit, for appeal.
- v) The Panel Chairman has power, with the agreement in writing of the other members of the Panel, by certificate under her or his hand to correct in the record of proceedings or in the document recording the decision of the Panel any clerical mistakes or errors arising from any accidental slip or omission.

Conduct of hearings

- w) The overriding objective of the rules of procedure is to enable panels to deal with cases justly. That will include, so far as practicable,
 - i. ensuring that the parties are on an equal footing;
 - ii. saving expense;

- iii. dealing with the case in ways which are proportionate to the complexity of the issues; and
 - iv. ensuring an expeditious and fair process.
- x) Any party to a hearing by the Panel is entitled to be accompanied or represented by a person of her or his choice who may be a trade union representative, whether such person is legally qualified or not, in connection with or at any hearing by any Panel. Normally any such person will be at the cost of the party appointing them but exceptionally the Chairman of the Panel may recommend to Council that the College meets these costs. A party wishing to be so represented must inform the Chairman and the other parties in writing of the appointment or dismissal of any such representative, and must give notice whether any papers or notices in connection with the case should be sent to that representative instead of or in addition to the person charged.
 - y) With the consent of the Council, the Chairman may appoint a legal adviser to assist any Panel in such manner as the Panel may decide; provided that the Panel must alone make any findings, determinations and recommendations.
 - z) Any hearing must take place in private unless the Panel, after considering the views of the Member Concerned, direct otherwise.
 - aa) Panels must, so far as appears to them to be practicable, seek to avoid formality in their proceedings and are not bound by any enactment or rule of law relating to the admissibility of evidence in proceedings before courts of law. They must make such inquiries of persons and witnesses appearing before them as they consider appropriate and must otherwise conduct their hearing in such manner as they consider most appropriate for the clarification of the issues before them and generally for the just handling of the proceedings.

4. Redundancy procedure

Resolution to effect a reduction in the academic staff by way of redundancy

- a) This procedure applies where the Council has decided that it may be appropriate to effect a reduction in the academic staff of the College as a whole, or of any area of academic work within the College, by way of redundancy. But it does not apply to any redundancy on the expiry of a fixed term contract.
- b) Where the Council has so decided, it must consult such members of the academic staff and such other persons holding office in, or employed by, the College as it considers likely to be affected by a reduction of the sort contemplated. It must also conduct such further process of consultation as may be required by law or as it may consider appropriate taking account of its role in the process. The Council may specify time limits for response to any consultation that it conducts. After considering the responses received to the consultation, the Council either resolves to take no further action; or resolves to continue, extend or vary the process of consultation, with such modification (if any) of the terms of consultation as it sees fit; or resolves to effect a reduction in the academic staff by way of redundancy and decide what direction (if any) to give in relation to the extent of the reduction.

Selection for redundancy

- c) Where the Council has resolved to effect a reduction in the academic staff by way of redundancy, it must appoint a Redundancy Committee of one or more persons to select the members of the academic staff for dismissal by reason of redundancy. The Redundancy Committee must act in accordance with any direction of the Council under paragraph (b) above and must carry out such consultation as is required.
- d) The Redundancy Committee formulates the selection criteria which it proposes to employ, and must notify each member of the academic staff considered for selection of those selection criteria. It must afford each member of the academic staff considered for selection the opportunity to make such written or oral representations on her or his own behalf as she or he sees fit. If, following the receipt of such representations, any change is made to the selection criteria, then any member of the academic staff who might be materially affected by such change must be afforded a new opportunity to make such representations.
- e) The Redundancy Committee report in writing their recommendations to the Council.
- f) The Council either approves any selection recommendation, or remits it to the Redundancy Committee for further consideration in accordance with their further directions. If the recommendation is approved, the Council must inform any person selected for dismissal of the selection criteria finally adopted, of the reasons for any dismissal, and of any rights of appeal under this Regulation.
- g) The procedure to be adopted by a Redundancy Committee must be determined by the committee themselves as they see fit, subject to the adoption of a just and fair process which complies with the rules in paragraphs (c), (d) and (e) above.

Appeal

- h) A member of the academic staff who is given notice of dismissal by reason of redundancy may, within fourteen days from the date of that notice, give to the Master notice of appeal to the Senior Disputes Appeal Panel. The notice of appeal must state the grounds of appeal. The member of the academic staff has no right to appeal the resolution of Council to proceed with a reduction of the academic staff by reason of redundancy.
- i) The lodging of an appeal does not affect the operation of the notice of dismissal, but the Chairman of the Senior Disputes Appeal Panel may extend the period of notice if she or he considers it just and fair in all the circumstances that an extension should be granted.
- j) Where the Senior Disputes Appeal Panel decides to remit the matter back for further consideration, then -
 - i. it may direct that that further consideration should be given by the same Redundancy Committee, or direct that a differently constituted Redundancy Committee be selected for that purpose;
 - ii. it may give such other directions as it sees fit, including directions affecting other members of the academic staff, provided that it may confirm, suspend, extend or cancel any notice of dismissal given to such other members, but not give notice of dismissal to any member of the academic staff not already under such notice; and

- iii. a fresh right of appeal to the Senior Disputes Appeal Panel accrues to any member of staff from notice of dismissal given or confirmed as a result of that further consideration.
- k) Where the Senior Disputes Appeal Panel reaches a final decision on any appeal, there is no further right of appeal against that decision under this Regulation or otherwise within the College.

5. Disciplinary procedure

Matters which may lead to disciplinary proceedings

- a) For the purpose of this Regulation disciplinary action may be taken by the College against a member of the academic staff where it is related to conduct or capability or qualifications for performing work of the kind which the member of the academic staff was appointed or employed to do. This may include but is not limited to
 - i. conviction for an offence such as to render the person convicted unfit for the performance of the duties of the office or for employment as a member of the academic staff; or
 - ii. conduct incompatible with the duties of the office or employment; or
 - iii. conduct constituting failure or persistent refusal or neglect or inability to perform the duties or comply with the conditions of the office or employment. or
 - iv. physical or mental incapacity.
- b) In section (a):
 - i. ‘capability’ means capability assessed by reference to skill, aptitude, health, or any other physical or mental quality; and
 - ii. (‘qualifications’ means any degree, diploma, or other academic, technical, or professional qualification relevant to an office or position held.
- c) Accordingly, disciplinary action under this Regulation may be taken, and where appropriate a penalty imposed, in respect of misconduct or poor performance including but not limited to the following:
 - i. being convicted of a serious criminal offence (whether committed during the course of employment or not) of a kind that is judged in all the circumstances to be relevant to a member of academic staff’s employment by the College or being investigated for such an offence where, in the reasonable opinion of the College, such investigation has resulted in the loss of trust and confidence in the member of the academic staff by the College;
 - ii. failure, refusal, neglect or inability to perform some or all of the duties or to comply with some or all of the conditions attaching to the post, or performing those duties or complying with those conditions in an unsatisfactory or inadequate manner;
 - iii. wilful disruption of the activities of the College;
 - iv. misconduct on the part of a member of academic staff, including (but not confined to) the following:

- a. breach of any obligation or duty arising under any of the College's Statutes, Regulations, regulations or codes of practice regarding financial matters, harassment, equal opportunities, public interest disclosure, health and safety, or data protection or any other rules, regulations or codes binding on the member of academic staff;
- b. damage to or improper use of College facilities, premises, property or equipment;
- c. improper interference with the activities of the College or of any member, officer, employee of or visitor to the College;
- d. violent, indecent, disorderly, threatening, abusive, insulting or harassing behaviour or language (whether written, spoken or in any other form);
- e. fraud, deceit, deception or dishonesty in relation to the College or any related activity, including research and examining;
- f. misuse of email or of the internet (including downloading or transmission of material which is defamatory, offensive or obscene, malicious, sexist, racist or protected copyright material) or using email or the internet in breach of any applicable policies or procedures;
- g. unauthorised computer use of access;
- h. absence without leave or just cause;
- i. action likely to cause injury or impair safety;
- j. divulging information or material received in confidence (unless the disclosure is permitted under the Public Interest Disclosure Act 1998 or in accordance with the University's or College's public interest disclosure procedure).

Less serious matters: Warnings

- d) If it appears to the Master, after receiving a complaint or otherwise, that there are grounds for believing that the conduct or performance of a member of the academic staff ("the Member Concerned") may have been or may be unsatisfactory, the Master may inquire into the matter. If the Master concludes after investigation (including a meeting with the Member Concerned) that the Member Concerned is or has been at fault, the Master may issue an oral warning. Any such investigation may be conducted by the Master alone or with assistance from such other person as the Master considers appropriate. The Master must specify the reason for the warning, indicate that it constitutes the first stage of the College's disciplinary procedure, and advise the person concerned that she or he may appeal against the warning as set out below.
- e) If the Master concludes after investigation (including a meeting with the Member Concerned) that the fault is sufficiently serious to justify it, or if a further offence occurs after an oral warning, the Master may issue a written warning. Any such investigation may be conducted by the Master alone or with assistance from such other person as the Master considers appropriate. Such a warning must specify the reason for the warning, the improvements required in the conduct or performance of the Member Concerned, and the period of time within which such improvements are to be made. The Master must advise the

Member Concerned that she or he may appeal against the warning as set out below, and indicate that, if no satisfactory improvement takes place within the stated time or further misconduct occurs, charges may be instituted before the Senior Disputes Panel.

- f) The Master must keep a written record of any oral or written warning issued. Each warning must specify a period from the date of issue after which, in the absence of further disciplinary matters arising, it will be disregarded for all purposes. The period may not normally exceed one year unless the Master considers otherwise.
- g) The Member Concerned may appeal in writing to the Master against a disciplinary warning within fourteen days of the date of the warning, stating the grounds of appeal. The appeal must be communicated to the Council. Any appeal will be heard by a Panel constituted in the same way as a Grievance Panel. If the appeal is allowed, the warning is disregarded.

More serious matters: The institution of charges before the Senior Disputes Panel

- h) If the Master receives a complaint against a member of the academic staff (“the Member Concerned”) seeking the institution of a charge or charges (“a Charge”) before the Senior Disputes Panel, then the Master may investigate the matter as she or he sees fit. Any such investigation may be conducted by the Master alone or with assistance from such other person as the Master considers appropriate.
- i) If the Master believes (either on receipt of a complaint or at any later time) that the Member Concerned may have committed an act of gross misconduct, the Master may suspend from work on full pay the Member Concerned. Any such suspension may be for no longer than necessary to enable the College to investigate the alleged offence. During the period of suspension the Member Concerned may be refused access to the College’s premises or contact with the College’s fellows, students and employees without the prior consent of the Master and subject to such conditions as the Master may impose. Such suspension will only be imposed after careful consideration and will be reviewed to ensure that it is not unnecessarily protracted. Suspension in these circumstances is not considered as a disciplinary action. Any such suspension must be reported to the Council.
- j) If, whether as the result of the investigation of a complaint or otherwise, the Master considers that there are grounds for believing that a Charge should be instituted before the Senior Disputes Panel, then the Master must write to the Member Concerned inviting her or his comment in writing by a specified date.
- k) As soon as practicable following receipt of the comments (if any) of the Member Concerned, the Master must consider the matter in the light of all the available evidence and may dismiss the matter summarily, or issue an oral or written warning, or determine that a Charge should be instituted before the Senior Disputes Panel.
- l) Where the Master has determined that a Charge should be instituted before the Senior Disputes Panel, then -

- i. the Master must appoint and instruct a suitable person ('the Presenting Officer') to formulate the Charge and to present it, or arrange for its presentation, before the Senior Disputes Panel; and
 - ii. the Master must ask the Council to appoint a Senior Disputes Panel and refer the matter to the Chairman of the Senior Disputes Panel.
- m) If the Master has suspended the Member Concerned any such suspension must be reviewed by the Master at regular intervals, each review taking place within two months of the time of the last decision to suspend.
- n) The Presenting Officer must seek to ensure that the case is heard and determined as expeditiously as is reasonably practicable.
- o) The Presenting Officer must send to the secretary of the Panel written notice of the charge or charges to be brought before the Panel and the particulars thereof, and must send with the notice a copy of any documents which it is proposed to produce and a list of all witnesses whom it is proposed to call, together with statements of the evidence that they are expected to give.
- p) After consultation with the Member Concerned and with the Presenting Officer, the Chairman of the Panel must fix the date, time and place of the hearing.
- q) Not later than the fourteenth day next preceding (or such shorter period as may be agreed between him and the parties) the date so fixed the secretary of the Panel must send to each party (a) a notice of the hearing which contains information and guidance as to attendance at the hearing, the calling of witnesses and the production of documents, representation by another person and the use of written submissions, and (b) a copy of the charge or charges, together with a copy of the other documents and information specified in paragraph n of this Regulation.
- r) Not later than the seventh day next preceding the date appointed for the hearing the Member Concerned and any other person who has been added as a party must forward to the secretary of the Panel and to the other parties a copy of any documents she or he wishes to present and a list of all witnesses she or he proposes to call, with statements of the evidence they are expected to give.
- s) It is the duty of each party to make any necessary arrangements for the summoning of the witnesses she or he proposes to call, the production of documents and generally for the proper presentation of their case before the Panel.
- t) No new witness or documentary evidence may be introduced by any party beyond those of which notice has been given without the consent of the Panel, and that consent may not be given except for good reason. If such late introduction is permitted, the other party(ies) are allowed an adjournment sufficient to allow him or her to consider and respond to the new evidence and to introduce further evidence in rebuttal.

Criminal proceedings

- u) The fact that any person has been or is liable to be prosecuted in a court of law in respect of an act or conduct which is the subject of the proceedings before the Panel does not affect the jurisdiction and powers of the Panel under the

Statute; but the Panel must consider the advisability of referring the matter to the police.

- v) Evidence that a person has been convicted of a criminal offence by or before any court of law, or that any court of law has found proved an offence with which she or he was charged, is admissible in any proceedings before the Senior Disputes Panel for the purpose of establishing that that person committed the offence or was guilty of any act or conduct in respect of which she or he was so charged or convicted.

The decision of the Senior Disputes Panel

- w) Where, after a hearing, the Panel finds the Charge or any part thereof to be without substance, it must dismiss the Charge or that part thereof.
- x) Where, after a hearing, the Panel finds the Charge or any part thereof to be established, then before deciding what penalty (if any) to impose, it must give the Member Concerned and the Presenting Officer the opportunity to put forward any matters bearing on the penalty to be imposed unless it is of the view that a sufficient opportunity has already been given in the course of the hearing.
- y) The Panel may decide to impose no penalty, or may impose a penalty comprising one or more of the following:
 - i. discussion of the issues raised with the person concerned;
 - ii. an oral or written warning;
 - iii. removal from any secondary office or employment;
 - iv. the taking of such further or other action under the contract of employment or terms of appointment as appears fair and reasonable in all the circumstances of the case; or
 - v. combine any of the courses specified above (v) dismissal with or without notice.
- z) If the Panel is of the view that the conduct of the Member Concerned constitutes gross misconduct such as to justify dismissal without notice, it must so state. If the penalty of dismissal without notice is imposed in the absence of such a statement (or, in the event of an appeal, such a statement by the Senior Disputes Appeal Panel), the College may pay to the Member Concerned, in lieu of any notice period, the emolument that would otherwise be due to her or him.
- aa) Where, after a hearing, the Panel is of the view that the Member Concerned should be dismissed, it must so state, specifying the reason, in its findings and dismiss accordingly.

Appeal

- bb) The Member Concerned may, within fourteen days from the decision of the Senior Disputes Panel, give to the Master notice of appeal to a Senior Disputes Appeal Panel. The notice of appeal must state the grounds of appeal and whether it is an appeal against the findings of the Senior Disputes Panel, or the penalty imposed, or both. The Master must report the matter to the next meeting of the Council, which must appoint a Senior Disputes Appeal Panel in accordance with the procedure set out above.

- cc) The appeal must then be heard and determined as expeditiously as is reasonably practicable by the Senior Disputes Appeal Panel, which may substitute for the decision of the Senior Disputes Panel any decision that that Panel might have made. The decision of the Senior Disputes Appeal Panel is final.

The addition of parties, the consolidation of matters and other miscellaneous matters

- dd) The Chairman of the Senior Disputes Panel may agree to the addition of any other person as party to a case before the Panel; provided that the Chairman must not so act unless she or he is of the view that that step is desirable in order to ensure a just and fair process. Such other person must receive from the Presenting Officer the papers sent to other parties, and has the right to a fair process before any Senior Disputes Panel or Senior Disputes Appeal Panel.

Concurrent charges

- ee) The Council may determine that charges against more than one member of the academic staff may be heard concurrently by the same disciplinary Panel. It may further determine that charges against one or more members of the academic staff will be heard concurrently with charges against one or more Student Members of the College or with charges against any Fellow who is not a member of the academic staff. In such a case the Senior Disputes Panel is deemed, in relation to any Student Member of the College, to be constituted concurrently as a disciplinary committee in relation to the Student Member and must proceed giving effect to the requirements of that Statute so far as is consistent with the requirements under Statute XXVIII (*Redundancy, Dismissal, Disciplinary and Grievance Procedures*) and this Regulation.

Relationship with provisions on incapacity on health grounds

- ff) If at any stage the Chairman of the Senior Disputes Panel forms the view that the conduct or capability of the Member Concerned may be attributable, wholly or in part, to a medical condition, then she or he must inform the Master, who may report the matter to the Council which must consider whether to appoint a Senior Disputes Panel in accordance with the provisions in Regulation F3(b) above. If the Council or the Master decides not to appoint such a Panel, the proceedings continue before the Panel with its former membership. If a Panel is appointed under Regulation F3(b) above then the newly constituted Panel must decide how to proceed in the light of the progress so far.

6. Procedure for assessing incapacity on health grounds

The institution of charges before an incapacity Panel

- a) Where the Master, after consulting the Council, is of the view that a Senior Disputes Panel should consider whether a member of the academic staff (“the Person Referred”) should be dismissed by reason of an incapacity on health grounds under Statute XXVIII (*Redundancy, Dismissal, Disciplinary and Grievance Procedures*) the Council must appoint a Senior Disputes Panel to determine the matter and must at the same time appoint a suitable person (‘the Presenting Officer’) to present the case on behalf of the College to the Panel.
- b) The Master may also, after consulting the Council, suspend the Person Referred from the performance of her or his duties without loss of emolument.

- c) Any person having authority in law to act on behalf of the Person Referred shall have power so to act in respect of all proceedings before the Senior Disputes Panel or a Senior Disputes Appeal Panel. Any requirement in relation to the Person Referred is satisfied if that requirement is fulfilled in relation to the person having authority to act on behalf of the Person Referred or a representative appointed by the Person Referred, whether or not it is also fulfilled in relation to the Person Referred him or herself.
- d) As soon as reasonably practicable after appointment, the Presenting Officer must send to the Person Referred and to the Chairman of the Senior Disputes Panel notice of the reason why it is thought that the dismissal of the Person Referred by reason of incapacity on health grounds should be considered together with a copy of Statute XXVIII and of these Regulations.
- e) The Presenting Officer must seek to ensure that the case is heard and determined as expeditiously as is reasonably practicable.
- f) The Presenting Officer may undertake any further investigations she or he considers appropriate.
- g) The Chairman of the Senior Disputes Panel, after consultation with the Person Referred and with the Presenting Officer, must determine the date and time of a meeting of the Panel for the purpose of a hearing of the case, and must send notice of the date, time and place of the meeting to the Person Referred, to the Presenting Officer and to the members of the Panel.
- h) Not later than 14 days (or such shorter period as may be agreed by him with the parties) before the date appointed for the hearing, the secretary of the Panel must send a notice of the hearing to each party and to any representative. The notice must include (a) information and guidance as to attendance at the hearing, the calling of witnesses and the bringing of documents, representation by another person and written submissions, and (b) a statement of the case, together with a copy of the documents and other information specified in paragraph (d) of this Regulation.
- i) Not later than 7 days before the date appointed for the hearing the Person Referred, or the Person Referred's representative, must send to the secretary of the Panel and to the Presenting Officer a copy of any documents she or he wishes to present and a list of all witnesses she or he proposes to call, with statements of the evidence they are expected to give.
- j) It is the duty of each party to make any necessary arrangements for the summoning of the witnesses she or he proposes to call, the production of documents and generally for the proper presentation of their case to the Panel.
- k) No new witness or documentary evidence may be introduced by any party without the consent of the Panel, and such consent may not be given save for good reason. If such late introduction is permitted, the other party must be allowed an adjournment sufficient to allow him or her to consider the additional evidence and respond to it, and to introduce further evidence as appropriate.

Medical evidence

- l) The Presenting Officer may seek from the Person Referred such medical evidence as she or he considers necessary for the purpose of the presentation of the matter to the Senior Disputes Panel. Such evidence may include the opinion

of a medically qualified person appointed by the College, at College expense, to advise on the health of the Person Referred. The medically qualified adviser must not be a member of the Senior Disputes Panel or of any Senior Disputes Appeal Panel. In the event of the Person Referred declining to provide any or all of the evidence requested, the Presenting Officer may apply to the Chairman of the Panel for a direction for the production of medical evidence. The Chairman will then hear and determine the matter, and may direct the production of such medical evidence (whether or not sought by the Presenting Officer) as the Chairman may specify. The Person Referred may seek a review of such a direction by the Panel sitting as a body, whose decision is final.

- m) If, after a direction to produce medical evidence, the Person Referred declines to provide any or all of the evidence directed, the Senior Disputes Panel and a Senior Disputes Appeal Panel may draw such inferences as to the health of the Person Referred as they see fit from all the circumstances of the case.

The decision of the Senior Disputes Panel

- n) Where, after a hearing, the Senior Disputes Panel finds that the Person Referred is incapable of performing satisfactorily the duties of her or his office or employment, it may take action which may be any of the following:
 - i. suspension on grounds of ill health pending receipt of evidence to the satisfaction of the medically qualified member or members of the Panel of fitness to resume work;
 - ii. suspension on grounds of ill health pending further review by the Panel at a specified date; or
 - iii. dismissal with or without notice on grounds of ill health.
- o) During any period of suspension on grounds of ill health the Person Referred must be paid in accordance with the terms of her or his office or employment. Any entitlement to pay during absence on ill health grounds must take account of all previous payments made to the Person Referred. If the Panel decide to dismiss without notice on grounds of ill health, the College may pay to the Member Concerned in lieu of any notice period any emolument that would otherwise be due to her or him.

Appeal

- p) The Person Referred may, within fourteen days from the decision of the Senior Disputes Panel, give to the Master notice of appeal to a Senior Disputes Appeal Panel. The notice of appeal must state the grounds of appeal and whether it is an appeal against the findings of the Senior Disputes Panel (stating which findings are appealed against), or the action taken by them, or both.
- q) The appeal must be heard and determined as expeditiously as is reasonably practicable by a Senior Disputes Appeal Panel, which may substitute for the decision of the Senior Disputes Panel any decision that that Panel might have made. The decision of the Senior Disputes Appeal Panel is final.

7. Procedure on the expiry of fixed-term appointments

- a) Any appointment to an office or employment in the College, by virtue of holding which the person appointed (“the Member Concerned”) will be a member of the academic staff, and which is for a fixed term, must be made

according to a code of practice, approved by the Society, defining the matters to be considered in relation to the expiry of the fixed term and any possible renewal.

- b) The code of practice must -
 - i. sufficiently define the nature and character of the office to inform the Member Concerned of her or his expectations in relation to renewal;
 - ii. define the time at which a review must take place in order for the Council to decide whether the office or employment should be allowed to terminate without renewal, or should be renewed for a further fixed-term, or should be extended to an appointment of indefinite duration;
 - iii. provide for discussion with the Member Concerned in the course of the review;
 - iv. provide for the communication of the outcome of the review, with the reasons for its recommendation, to the Member Concerned before a final decision by the Council in relation to renewal;
 - v. provide for further review at the request of the Member Concerned and for time limits in relation to that further review process.
- c) The decision of the Council whether the office or employment should be allowed to terminate without renewal, or should be renewed for a further fixed-term, or should be extended to an appointment of indefinite duration, must be taken in accordance with the code of practice.
- d) The provisions in the Code of Practice only apply on the expiry of the fixed term. If the College wishes to terminate the contract during the fixed term the College will follow the provisions set out elsewhere in this Regulation.

8. Procedure for the confirmation of appointments at the end of an initial probationary period

- a) At the beginning of the second term of the second year of the probationary period the Council shall request:
 - i from the Senior College Lecturer a curriculum vitae and a statement of teaching and contributions to the life of the College (including a list of any publications); and
 - ii from the Senior Tutor her or his opinion of the quality and extent of the Senior College Lecturer's teaching and other contributions to the life and work of the College.
- b) The Council shall, not later than the division of the second term of the second year of the probationary period, consider the information specified in paragraph (a) and resolve either:
 - i that it is minded to offer the Senior College Lecturer reappointment to the retiring age; or
 - ii that it is unable to reach such a decision on the information it has received, in which case the Master shall so inform the Senior College Lecturer, indicate the matters on which the Council has not been satisfied, and seek from her or him such further evidence or observations relating to her or his reappointment as she or he wishes the Council to consider.
- c) The Council shall, not later than the division of the third term of the second year of the probationary period consider all the information specified in paragraphs (a) and (b) and resolve either:
 - i that it is now minded to offer the Senior College Lecturer reappointment to the retiring age; or
 - ii that it is not so minded, in which case the Master shall so inform the Senior College Lecturer, and indicate the matters about which the Council was not satisfied.

9. Procedure on retirement

The procedure to be followed when a member of the Academic Staff is approaching retirement is set out in Regulation O.

10. Procedure for removal from a secondary office or employment or where the duties are of a limited nature

- a) This Regulation applies where
 - i. the Master is of the opinion that a member of the academic staff ('the Member Concerned') should be removed from a secondary office or employment before its prescribed or normal termination date, but is not aware of any grounds that would justify proceedings for dismissal from a primary office or employment held by the Member Concerned; or
 - ii. the duties of a member of the academic staff ("the Member Concerned") are of a limited nature and the Master is of the opinion that the Member Concerned should be removed from her or his office or employment before its prescribed or normal termination date. A person's duties shall be taken to be of a limited nature if the remuneration for those duties is not the

principal source of remuneration of that person. In relation to any particular office, or employment, the Council may resolve or by Regulation decide that the office or employment is of a limited nature based on the duties involved and the remuneration paid by the College. In addition, in relation to any particular person, the Council may resolve that the person's duties are of a limited nature where the remuneration for them would not normally be the principal source of remuneration of the person performing them.

- b) The Master must discuss the reasons for that opinion with the Member Concerned. If, after that discussion, the Master remains of the same opinion, then she or he must ask the Council to refer the matter to the Senior Disputes Panel to consider the matter and to report. Before reporting, the Senior Disputes Panel must give the Member Concerned a fair opportunity to show why she or he should not be removed from the secondary office or employment or from the limited duties before its prescribed or normal termination date.
- c) The report of the Senior Disputes Panel must be communicated to the Member Concerned for comment by a specified date, and must then be communicated, with the comments (if any) of the Member Concerned, to the Council, whose decision in the matter is final and is treated as an appeal.

11. Procedure for dismissal on other grounds

- a) If it appears to the Master, after receiving a complaint or otherwise, that there are grounds for believing that a member of the academic staff ("the Member Concerned") should be dismissed for some substantial reason other than one in respect of which provisions are made elsewhere in these Regulation, then the Master may determine that the matter should be considered by the Senior Disputes Panel.
- b) Where the Master has so determined, then -
 - i. the Master must appoint and instruct a suitable person ('the Presenting Officer') to formulate the Charge and to formulate the matter and to present it, or arrange for its presentation, before the Senior Disputes Panel; and
 - ii. the Master must refer the matter to the Chairman of the Senior Disputes Panel.
- c) The procedure to be followed in relation to such a matter before the Senior Disputes Panel (including the procedure for appeal) must be the same as that in relation to a disciplinary procedure under Regulation F5 above.
- d) After hearing the views of the Member Concerned and the Presenting Officer, the Senior Disputes Panel may, as an alternative to proceeding under this Regulation, resolve to continue the proceedings as a disciplinary procedure under Regulation F5 above, provided that it is satisfied that that course is consistent with a just and fair process, and in particular that the Charge for the disciplinary procedure is clearly specified and is fairly related to the matter already before the Panel.

12. Grievance procedure

- a) The aim of this Regulation is to settle or redress individual grievances promptly and fairly by methods acceptable to all parties.

- b) The grievances to which this Regulation applies are ones by members of the academic staff concerning their appointments or employment where those grievances relate -
 - i. to matters affecting themselves as individuals; or
 - ii. to matters affecting their dealings or relationships with other members of the College;
 not being matters for which express provision is made elsewhere in this Statute.
- c) If other remedies have been exhausted the member of the academic staff may raise the matter with the Master.
- d) If it appears to the Master that the matter has been finally determined under Regulations F.4 - 11 or that the grievance is trivial or invalid, she or he may dismiss it summarily, or take no action upon it. If it so appears to the Master she or he must inform the person concerned accordingly.
- e) If the Master is satisfied that the subject matter of the grievance could properly be considered with (or form the whole or any part of) a matter under Regulations F.4 - 11 she or he must defer action upon it until the relevant complaint, determination or appeal has been heard or the time for instituting it has passed and she or he must notify the person concerned accordingly.
- f) If the Master does not reject the complaint under paragraph (d) or if she or he does not defer action upon it under paragraph (e) she or he must decide whether it would be appropriate, having regard to the interests of justice and fairness, for him to seek to dispose of it informally. If she or he so decides she or he must notify the person concerned and proceed accordingly.
- g) The Master may seek the advice of the Council regarding any grievance raised under paragraph (b) of this Section, and must do so at the request of the person aggrieved.
- h) If the grievance has not been disposed of informally under paragraph (f), the Master must refer the matter to a Grievance Panel for consideration.
- i) A Grievance Panel comprises three Fellows of the College, who are not members of Council, appointed annually by the College Council. The Council must appoint one of the members to be Chairman of the Committee.
- j) When referring a grievance to the Grievance Panel the Master must furnish it with a written statement of the grievance, provided by the aggrieved person, and must send a copy of that statement to any person mentioned or named in it whose conduct forms part of the matter giving rise to the grievance.
- k) A grievance that has been referred to a Grievance Panel must not be disposed of without an oral hearing at which the aggrieved person and any person against whom the grievance lies has the right to be heard and to be accompanied by a friend or representative, to give evidence, to call witnesses, to question any witness concerning any relevant evidence, and to address the Panel after any evidence has been heard, but, subject to this, the Panel may regulate its own procedures, making such inquiries and seeking such advice as it considers necessary.
- l) It is the duty of the Panel to consider and determine the grievance as expeditiously as is reasonably practicable.

- m) The Panel must inform the Council and the aggrieved person in writing whether the grievance is or is not well-founded, and if it is well-founded the Panel must make such proposals (giving its reasons for so doing) for the redress of the grievance as it thinks fit.
- n) The Council must consider the proposals of the Panel. In reaching any decision upon the matter, it must seek to give effect to the guiding principles stated in Section 2 of Statute XXVIII.
- o) There is no further right of appeal.

13. Procedure for the removal and dismissal of the Master from Office

- a) The procedure for the removal of the Master from office requires:
 - i. the initial consideration by the Council (exclusive of the Master and the complainant Fellows) of a complaint by any three Fellows seeking the dismissal or removal of the Master from office;
 - ii. the dismissal by the Council of such complaint if they are of the view that it is not supported by sufficient evidence for dismissal or removal from office;
 - iii. otherwise, the appointment by the Council of a panel to hear and determine the matter, which panel comprises three persons who are not Fellows and are not employed by the College, one of whom holds, or has held, judicial office, or who is a barrister or solicitor of at least ten years' standing, that person to be chair of the panel;
 - iv. the dismissal or removal of the Master from office if the panel decide that there is sufficient reason for such dismissal or removal.
- b) The Master may institute an appeal against dismissal or removal from office by serving on the President a notice in writing setting out the grounds of the appeal. A notice of appeal must be served within twenty-eight days of the date on which the notice of dismissal was sent to the Master; provided that the person appointed to hear an appeal has power to hear an appeal commenced after that date if he considers that justice and fairness so require in the circumstances of the case. Such an appeal:
 - i. is heard and determined by the Visitor, unless he is unable or unwilling to do so, in which case the Council appoints a person, who holds, or has held, judicial office or a barrister or solicitor of at least ten years' standing, nominated by the Visitor to hear and determine the appeal. Notice of any such appointment must be sent to the parties to the appeal by the President;
 - ii. can be heard by the one person alone, but if the person who is to hear the appeal decides to sit with two other persons, he must notify the parties that he has done so, and of their names. In this event references to the person hearing the appeal are construed as references to him and to the persons he appoints;
 - iii. must include a hearing by the appeal panel, but that hearing need not take the form of a re-hearing of the evidence;
 - iv. may substitute for the decision of the panel first hearing the matter any decision that that panel might have made.

- c) Any dismissal or removal of the Master for incapacity on medical grounds must be made pursuant to Statute XXVIII Part IV provided that the President shall perform any duty or exercise any power there assigned to the Master.

G. Proceedings under Statute VII.G and XII.A.5

(Fellows and College Officers who are not members of the Academic Staff) (Modified 18 July 2011.)

1. In any case in which the Society is
 - a) considering the removal of a Fellow who is not a member of the academic staff, or
 - b) considering the dismissal from an office or employment in the College before its prescribed or normal termination date of a Fellow who is not a member of the academic staff,the Society may refer the matter to a Senior Disputes Panel to determine in accordance with the procedural rules contained in Statute XXVIII and Regulation F.

2. In any case where a Panel of Inquiry is appointed pursuant to Statute VII.G or XII.A.5
 - a) the Master and Fellows, or the Council, as may be, shall designate one of the Panel to be their chairman, and shall appoint a suitable person to be their secretary, and another suitable person to present, or arrange for the presentation of, the case against the Fellow or Officer;
 - b) the Panel, their secretary, and the person appointed to present the case, shall have the powers given, and follow the procedures prescribed, by Regulations F3(a) and (d)-(aa).
 - c) the Panel shall have regard to the guiding principles of Statute XXVIII.2, and if of opinion that the matter referred to them cannot be justly and fairly determined without their considering a report on the mental or physical health of the Fellow or Officer, shall
 - i. so inform him in writing;
 - ii. seek his consent in writing to their requesting from his medical practitioner a medical report on him, and
 - iii. if the Fellow or Officer does not so consent, request the Regius Professor of Physic to nominate an appropriate medical practitioner to advise the Panel on the evidence placed before them of the Fellow's or Officer's mental or physical health;and the College shall meet the reasonable costs of obtaining such medical report or advice.

H. Redress of Grievances

(of Fellows and office holders who are not members of the Academic Staff (10 June 1996, and modified 18 July 2011))

1. Any Fellow or holder of any office in the College (not being a member of the academic staff to whom Statute XXVIII applies) who considers that he has a grievance relating to any matter affecting
 - i. him individually as a Fellow or office-holder (including any decision of the Council not to reappoint him to, or to abolish, any office he holds); or
 - ii. his personal dealings or relationships with any other Fellow or member of the College,may raise the matter with the Master, (or if his grievance concerns his personal dealings or relationship with the Master, with the President). Such grievance shall normally be raised within six months of the last of the actions or events coming to the notice of the Fellow or office-holder.
2. If it appears to the Master (or President) that the grievance is trivial or invalid, or that it, or the substance of it, has already been determined by the Council, he shall (subject to Regulation 3) within 42 days in Full Term of the matter being raised with him inform the Fellow or office-holder that he proposes to take no action upon it.
3. If it appears to the Master (or President) that the grievance relates to any matter that is, or is likely to be, considered in proceedings under Statutes VII.G and XII.A.5, he shall defer action upon it until such proceedings have been concluded or are no longer likely.
4. In every other case the Master (or President) shall consider whether it would be appropriate, having regard to the interests of justice and fairness, for him to seek and dispose of it informally, and if he decides that it would be, he shall inform the Fellow or office-holder and proceed accordingly.
5. If the Master (or President) decides that it is inappropriate to dispose of the grievance informally, or if, despite his attempt to do so, the Fellow or office-holder informs the Master (or President) in writing that he remains aggrieved, the Master (or President) shall refer the matter to a Grievance Committee appointed pursuant to Statute XXVIII.17. In doing so the Master (or President) shall furnish the Grievance Committee with a written statement of the grievance, provided by the aggrieved person, and shall send a copy of that statement to any person mentioned or named in it whose conduct forms part of the matter giving rise to the grievance.
6. The Grievance Committee shall comply with the requirements of Regulation F 12(k) and (l) and shall make a written report to the Council as to whether the grievance is or is not well-founded, and if it considers it is well-founded, the Committee shall make to the Council such proposals for the redress of the grievance as it thinks fit.

I. The Assistant Staff

(Made on 20 July 2009, and modified 18 July 2011. Revised and re-enacted on 30 January 2012.)

There shall be a Staff Handbook issued under the authority of the Council which shall contain the terms and conditions of the employment of assistant staff and the policies (including the policies and procedures relating to disciplinary action and appeals against dismissal governing assistant staff) approved by the Council from time to time. The Bursar shall be responsible to the Council for the introduction, issue and updating of the Staff Handbook.

J. Declaration of Interests by Members of Council

(Made on 11 December 2006, and amended 18 October 2010 and 18 July 2011.)

1. Material Interests

- a) A material interest is any matter which may influence the judgment of the person possessing it, or may reasonably appear as capable of influencing that person's judgment, so that the judgment may not be, or may not appear to be, exercised wholly and exclusively in the interests of the College.
- b) But an interest shall not be a material interest unless the person having the interest either knew about it or should reasonably have been aware of it.
- c) Any position as a company director or charity trustee shall not constitute a material interest unless there is a reasonable possibility that the company or the charity, as the case may be, may be engaged in some business, appeal, or transaction involving the College.
- d) If the Master considers that any member of the Council may have a material interest in an item of business, then the Master may refer the matter to the Council, who shall, in the member's absence but after hearing his or her views, determine the matter. The determination of the Council shall be binding on the member concerned.

2. Register of Interests

- a) The Senior Bursar shall maintain a Register of Interests of members of the Council, into which shall be entered such information as may be required by this Regulation or as may reasonably be requested by the Senior Bursar.
- b) The Register of Interests shall include a statement of membership of any Faculty or Department in the University, and the holding of any office or position in the University.
- c) The Senior Bursar shall seek information for entry into the Register of Interests from members of the Council when they become members, and also annually. Members of the Council shall notify the Senior Bursar of changes in their information relevant to the Register of Interests as they occur.
- d) The Register of Interests shall be available for inspection in the Senior Bursar's Office by any member of the College.

3. Declaration of Interests

- a) Each agenda for a meeting of the Council shall contain an early item "Declaration of Interests".
- b) A member of the Council who has a material interest in an item of business before the Council shall declare that fact on each occasion that the business is under consideration. But that shall not be required
 - i. for business solely for report which is not discussed by the Council; or
 - ii. where the interest arises from the holding of an office or position in the College, where other persons holding such an office or position in the College have a similar interest; or

- iii. where the interest arises from membership of a Faculty or Department in the University, or the holding of an office or position in the University, where other members of the Faculty or Department or the other persons holding such an office or position in the University, as the case may be, have a similar interest.
- c) A member of the Council declaring an interest shall withdraw from any part of a meeting at which the business is under consideration, and shall not speak or vote on the matter.
- d) But if the interest is not a pecuniary interest, then the Council may resolve that the member may remain present, and may further resolve to permit the member to speak or to vote on the matter.
- e) Where a member withdraws from a meeting in accordance with Rule 3(c), that fact shall be recorded in the minutes of the meeting. Any resolution of the Council under Rule 3(d) shall be recorded likewise.

4. Special Decisions

- a) A special decision of the Council is one in which a majority of the decision-makers have a material interest.
- b) For this purpose the decision-makers shall be taken to comprise the members of the Council present when the decision is made, except for any member who is not entitled to vote in consequence of these rules or for any other reason.
- c) Before the Council make a special decision they will consider, having taken full regard of all the circumstances of the matter
 - i. whether the nature of the conflict of interest is so pervasive throughout the Council that they have no alternative but to surrender their discretion by seeking the direction of the Charity Commission in the matter; or
 - ii. whether, notwithstanding the conflict of interest, they are nevertheless able fairly and reasonably to take the decision; and, in that case,
 - iii. whether, before making their decision, they should seek the advice of the Charity Commission in the matter.

5. Committees and Other Bodies

- a) The above rules shall apply with necessary modifications to committees, working parties and other bodies within the College, as they apply to the Council.
- b) But Rules 1(d), 2 and 4 shall not apply, and any other rule may be disapplied either generally or for specified items of business by the Council.
